

Indoor Air Quality Association

Manchester, New Hampshire Chapter

We cordially invite you
to join us for an upcoming seminar!

Sills, Spills, and Stuff that Kills

When: March 23, 2010, 8:00am – 12:00 pm

Where: Manchester Health Department
1528 Elm Street
Manchester, NH

Why: Come learn about asbestos, lead, and hazardous materials regulations and requirements from NH professionals.

The presenters for this seminar are:

Dennis Francoeur Jr., CIH CSP, RPF Associates Inc., with offices in NH and MA, will give a 1 hour summary on the EPA-Accredited Renovation, Repair, and Painting Program (RRP) as a national certified speaker. These are the requirements contractors must follow as of April 2010 when performing renovation, repair, and painting projects that disturb lead-based paint in homes, child care facilities, and schools built before 1978.

Tom Livingston, Air Pollution Control Engineer, Asbestos Program, NH Department of Environmental Services, will provide insight into how to identify asbestos and will outline the nature of applicable Federal, State and local laws as related to the potential for the disturbance of asbestos by construction industries.

Geoff Brown, Ph.D., Vice President at ENPRO Services, Inc., with offices in NH, MA, ME and VT, will discuss the identification and proper management of hazardous materials that may be encountered in performing site inspections, redevelopment, and/or new construction.

IAQ Members: \$25.00

Non Members: \$35.00

***Vendors: \$100.00**

***There is space for 4 vendors to provide products or services on Lead, Asbestos, and Hazardous Materials. The vendor cost includes a 6-8 ft table and admittance for one participant to the seminar. Please note this is on a first come first serve basis.**

Please register by filling out the form below and return it with a check made payable to "Manchester Chapter of IAQA".
