This workshop will provide an in-depth look at water contamination in a restorative environment per the IICRC S500 standard. Our guest speaker, Chris Curto, has over 30 years of experience in the restoration field including owning and operating the family business for over 10 years. He now works training technicians in the restoration field, including teaching certification classes as an approved IICRC instructor.

Chris is active in the industry working in the field and serving on various IICRC committees including overseeing all IICRC Water Damage Education.
